B&F Botanica & Floreale

An aperitivo Italiano created and crafted with the collaboration of Alwaysgood Wines and the master distiller Giorgio. We only use natural ingredients, corn alcohol and cane sugar.

Botanica e Floreale Bitter is an old recipe crafted first as a botanical remedy in the 1909 in Venice. This recipe reflects Marco Polo and the Venetian Serenissima history, from the Dolomiti mountains to the far east of the fascinating Oriental. Wild foraged flowers & herbs, berries, oranges from Sicily, meet the spices from the Orient, gently infused altogether, to achieve this elegant botanical floral bitter aperitivo Italiano.

Ca' dei Mona Project, back in 2018, came across the recipe of "Doctor Filippo Il Veneziano" and with the experience of our master distiller Giorgio we patented and crafted this marvelous Botanica & Floreale Bitter Aperitivo Italiano.

Botanica & Floreale is a very versatile ingredient that can be used to make the most classic cocktails to the unique and crafted masterpiece. Thanks to an elegant and well-balanced bouquet, our bitter does not overcome other ingredients in the cocktail but helps to emphasize them. Perfect to make a prosecco Spritz or a classic Negroni.

Florita Old Tom Gin

Old Tom Gin is produced with foraged alpine herbs and berries and selected botanical spices. Bay Leaves, Angelica, Chamomile, Cardamom, Caraway, Coriander, Gentian, Juniper, Lavender, Hops, Mint, Oregano, Mugopine, Rosehip, Rosemary, and Organic Lemons are all gently infused for fifteen (15) days before the first distillation begins in 100 Liter copper stills from the 1940s. The distillation process is then followed by a gentle filtration to maintain the natural flavors and floral botanical bouquet.

Florita Old Tom Gin, with its balsamic bouquet of forest mountains is reminiscent of juniper and mint with a note of pine and bay leaves. The aroma is smooth and enduring whilst the herbs are balanced by the hops, perfect to prepare a classic cocktail or a masterpiece.

Ca' dei Mona Project

Ca' dei Mona is a wine project that started in 2017 and is founded by Andrea Semprebon and Christian Simionato, owners of Alwaysgood Wines Import and Distribution. The project is based on a principal fundamental: produce wine with only grapes that respect environmental sustainability and the work of all our farmers.

Pinot Grigio is produced in Veneto, in Villanova di Camposampiero. The Simionato family is a 2nd generation grape-growers, and 3rd generation farmers. In 2021, with Lorenzo's advices, new technologies, and techniques, Alwaysgood wines invested to improve the wine production. The part of the farm is dedicated to our vineyard is perfect to have a crispy, fruity pinot grigio. This is due to the quality of the soil, a mixture of layer of sand and clay, the terroir, and the sun of the Pianura Padana.

Chianti DOCG is produced in Toscana, Lastra a Signa Firenze. In 2017, Alwaysgood wines bought its first vineyard. We loved this plot of land due to its incredible clay soil, that allows to produce a genuine Chianti. A lot of hard work and passion is involved to make wine, and our trusted person is Lorenzo. His knowledge and experience is dedicated to the vines and the wine production.

Tenuta Leoni Rosso is produced in Maremma, south of Tuscany. In 2021, Alwaysgood Wines decided to start a partnership with Mr. Conte Leoni. A small vineyard in the heart of Maremma. Here we produce only international varietals: Cabernet Sauvignon, Merlot and Cabernet Franc. The unique soil, a mix Silt-clay and sand, and the incredible terroir helps to produce an elegant Supertuscan.

EMILIA ROMAGNA

CANTINA PUIANELLO

In 1938 five men founded Cantina Puianello. Subsequently, new families joined the initial project, inspiring values then shared by the new generations. Since then only the grapes contributed by the members can be used in the transformation of wine, in a rare example of valorization of the local territory. “Cultivate the best hills of Reggio Emilia”, With this thought were written the first pages of our history that continues unchanged to this day. In addition to the care of the vineyards, between slopes and declivities, today rigorous winemaking methods and new technologies are added, which contribute to creating the quality and style of our wines.

AZIENDA AGRICOLA CAMPARO

Sara Drocco, a millennial generation behind an Organic/Vegan Barolo is following the footsteps of her father Mauro, producing exceptional wines. Camparo have been dedicated to wine-growing for generations, following a production philosophy that has always been founded on the values of natural management of the soil and the uncompromising wholesomeness of the winemaking process, since the 90's. The organic process has always been a distinguishing feature of production at Camparo, which followed a natural approach to the land and winemaking before organic even existed as a category. In the year 2000 Mauro harnessed these intrinsic values by taking the major step of obtaining "organic farming" certification, becoming one of the first in the Langhe area.
